Students learn acceptable dating practice

Pahk-Se-Mo (Hope) is the new name for the group Delta; it's a leadership program. The group will be talking to the school about what they've been learning, and about a trip to Helena' Capitol to attend a conference where they discussed dating

abuse. It was fun and informative. They took a tour, saw cool things, sat in the Governor's chair and appeared on TV. The conference was exciting and the program is helping students understand what acceptable dating practices are.

The End of the Road For This Year..

The season for the Rocky Boy Northern Stars went 7-14 this season. We were a young team and each day we have to be in the gym for off-season workout to improve our skills and be better and stronger for next year so we can go undefeated. This year our players did not take the basketball season seriously; each day of practice at least one of our teammates would be absent, not taking practice or the dedication to our team seriously. The 1B tourney was fun, but after losing out it was horrible to see the looks on our teammates' faces and feel the pain of knowing our season ended way too soon. Those of us dedicated to the team have nine months to work, plan, and become successful and look towards the next season when we'll be older, stronger, faster, and better than we were. This season we took our lumps. but next season I guarantee, come watch for action. Clayton John did a good job for his first year of being a head coach and a lot of people said, "we need a new coach." But it wasn't the coach, it was the players. Clayton gave all of us ideas and plays to win a game, and not enough of the players took it seriously. Only some were taking it seriously which caused us to have a different starting five at each game.

Every game we played we would hear the Stars fans doubting our coach and our team, but it was the players who failed us, not the coach. This season we didn't have a student leader to keep us focused. So next year, please fans, don't doubt our coach and our players, we're coming to win!

-Sincerely, Junior DayChild

"It's only the beginning.."

This season for the Rocky Boy Morning Stars went well, and it was fun. It was Jazz and Maria's first year coaching; they did awesome! Some of the girls had an attitude in the beginning, but in the middle of the season the attitudes changed, they started to work together, and they started winning games. It was pretty exciting watching the girls play.

Jazz is building a program at Rocky Boy High and the girls will be practicing all summer to work on the upcoming season. Be on the lookout for a strong team in the upcoming years. The girls are gaining confidence and learning teamwork. If they can use the skills and their talent (keeping their attitudes off the court), they'll be unstoppable next season!
